

Juliet Mian, Director of Infrastructure Resilience, Arup

Juliet Mian is a Director of Infrastructure Resilience at Arup, with over 25 years' experience delivering projects and services to infrastructure clients across the UK and globally. Juliet is increasingly focused on the opportunity to integrate resilience and decarbonisation advice to clients. Since 2018 Juliet has taken a leading role in The Resilience Shift, an initiative aiming to enhance the resilience of critical infrastructure supported by Arup and the Lloyd's Register Foundation, establishing it as a credible and influential global platform for resilience best practice. Juliet is also the global skills leader for Arup's Resilience Skills Network. She sits on several advisory panels including the National Infrastructure Commission's Expert Panel for Climate Resilience, the Port of London Authority's Thames Vision 2050, and the advisory board for Imperial College's Centre for System Engineering and Innovation. She is a Fellow of the Institution of Civil Engineers.
